

# Our commitment to prevent fraud

At Eptura, we conduct our business in a lawful, honest and ethical manner. We take a zero-tolerance approach to fraud. We are committed to acting lawfully, professionally, fairly and with integrity in all our business dealings and relationships wherever we operate. This includes a commitment to upholding all laws relevant to the prevention of fraud and to implementing and enforcing effective systems to prevent fraud.

Our commitment to prevent fraud includes a commitment to reject fraud. The benefit of firmly and actively committing to prevent fraud far outweighs any illicit benefit that may be created by fraud.

Eptura has a Fraud Prevention Policy which sets out our robust approach to prevent, detect and address any fraud within our business or by any party acting on our behalf.

Through regular risk assessment and reasonable and proportionate prevention measures (including, as a minimum, alignment with legal and regulatory requirements) we aim to prevent fraud at any level within Eptura or on its behalf.

We expect and require all of our employees, agents, contractors, customers, partners and suppliers to share our commitment to the prevention of fraud. Where any of those parties does not meet that requirement, we reserve the right to end our relationship with them immediately.

Any concerns relating to fraud can be raised anonymously via our [whistleblowing service](#), or confidentially by email to [compliance@eptura.com](mailto:compliance@eptura.com).
